

Tommaso Lorenzi
Research fellow in applied mathematics
School of Mathematics and Statistics
University of St Andrews
St Andrews KY16 9SS
Scotland, United Kingdom

email: tl47@st-andrews.ac.uk
webpage: <http://www.mcs.st-andrews.ac.uk/~tl47/>

Born on May 29th, 1984 in Verbania, Italy

Academic appointments

10/2015 – today

Research fellow in applied mathematics – University of St Andrews
Research group led by M.A.J. Chaplain (School of Mathematics and Statistics)

11/2014 – 09/2015

Postdoctoral fellow – École Normale Supérieure de Cachan
Research group led by L. Desvillettes (Centre de Mathématiques et Leurs Applications)

11/2013 – 10/2014

Postdoctoral fellow – Université Pierre et Marie Curie
Research group led by B. Perthame (Laboratoire Jacques-Louis Lions)

04/2013 – 06/2013

Visiting postdoctoral fellow – Princeton University
Research group led by I.D. Couzin (Department of Ecology and Evolutionary Biology)

04/2013 – 10/2013

Postdoctoral fellow – Politecnico di Torino
Research group led by M. Delitala (Dipartimento di Scienze Matematiche “G.L. Lagrange”)

Education

2013

PhD in Applied Mathematics – Politecnico di Torino

12/2012 – 03/2013

Visiting PhD student – Politecnico di Milano

01/2012 – 06/2012

Visiting PhD student – Université Pierre et Marie Curie

2008

MSc in Engineering Physics – Politecnico di Torino
Final grade: 110/110 cum laude. Average grade: 30/30

2006

BSc in Engineering Physics – Politecnico di Torino
Final grade: 110/110 cum laude. Average grade: 28/30

Awards, fellowships and prizes

2015

INdAM-SIMAI-UMI 2014 prize for the best Italian PhD thesis in Applied Mathematics

2014

Postdoctoral research fellowship for two years from the Fondation Mathématique Jacques Hadamard

2013

Postdoctoral research fellowship for one year from the Fondation Sciences Mathématiques de Paris

2012

Postdoctoral grant for one year from the MIUR-FIRB Project RBID08PP3J – ‘Mathematical methods and tools for the modelling and simulation of the onset of cancer’

2009

Doctoral grant for three years from the MIUR-FIRB Project RBID08PP3J – ‘Mathematical methods and tools for the modelling and simulation of the onset of cancer’

2008

Top graduating-student award from the Industrial Union of Turin

Grants

2017

Edinburgh Mathematical Society – Research Support Fund (£600)

Role: Co-principal investigator

London Mathematical Society – Conference Grants (£4,000)

Role: Principal investigator

Glasgow Mathematical Journal Trust – Learning and Research Support Fund (£2,950)

Role: Co-principal investigator

Edinburgh Mathematical Society – Research Support Fund (£750)

Role: Co-principal investigator

CNRS – Projet International de Coopération Scientifique (3,500 €)

Role: Foreign principal investigator

2016 – 2020

ITMO Cancer – Tumor Heterogeneity and Ecosystem program (1,268,384 €)

Role: Co-coordinator of the task ‘*In vitro* modelling of glioblastoma response to treatment’ within the project ‘Modeling of glioblastoma treatment-induced resistance and heterogeneity by multi-modal imaging’

Selected invited talks, lectures and research visits

12/2017 | Research visit at the Université Pierre et Marie Curie (host: B. Perthame)

09/2017 | ‘Seminar of the Heidelberg Graduate School of Mathematical and Computational Methods for the Sciences’ (Universität Heidelberg)

09/2017 | Research visit at the Universität Heidelberg (host: A. Marciniak-Czochra)

07/2017 | Invited talk at the minisymposium ‘Multiscale mathematical approaches for cancer development’ (SMB2017)

07/2017 | Invited talk at the workshop ‘Mathematical Modeling of Therapeutic Resistance’ (Université Pierre et Marie Curie)

07/2017 | Research visit at the Université Pierre et Marie Curie (host: B. Perthame)

06/2017 | ‘Seminaire du Laboratoire Jacques-Louis Lions’ (Université Pierre et Marie Curie)

- 06/2017** | Invited talk at the workshop ‘Modeling and computational approaches to biology and medicine’ (Istituto Nazionale di Alta Matematica “F. Severi”)
- 05/2017** | Research visit at the Politecnico di Torino (host: L. Preziosi)
- 03/2017** | Invited lecture at the Vanderbilt Integrative Cancer Biology Center (Vanderbilt University)
- 12/2016** | Research visit at the Université Pierre et Marie Curie (host: B. Perthame)
- 07/2016** | Invited talk at the minisymposium ‘Numerical methods for surface PDE problems in biology’ (ECMTB2016)
- 07/2016** | Invited talk at the workshop ‘Models in cancer therapy’ (Wolfgang Pauli Institute)
- 06/2016** | Invited talk at the minisymposium ‘Nonlocal models in mathematical biology’ (CAIMS2016)
- 06/2016** | ‘Seminar of the Mathematics and Statistics Group’ (University of Stirling)
- 06/2016** | ‘Seminar of the Biomathematics Group’ (INRIA Lyon)
- 03/2016** | Research visit at the Universität Heidelberg (host: A. Marciniak-Czochra)
- 01/2016** | ‘Seminar of the Biomathematics Group’ (Université Paul Sabatier)
- 02/2015** | Invited lecture at the Department of Oncology, University of Alberta
- 02/2015** | Invited talk at the workshop ‘Partial differential equations in cancer modelling’ (Banff International Research Station)
- 12/2014** | Invited talk at the workshop ‘Mathematical models for social sciences’ (Université Pierre et Marie Curie)
- 07/2014** | Invited talk at the minisymposium ‘Deterministic and stochastic models in biology and medicine’ (10th AIMS)
- 07/2014** | Invited talk at the minisymposium ‘Transport processes in biology: modelling and analysis’ (10th AIMS)
- 05/2014** | Invited talk at the outreach conference ‘Mathématiques en mouvement 2014’ (organised by the Fondation Sciences Mathématiques de Paris at the Université Paris 1 Panthéon-Sorbonne)
- 04/2014** | Invited talk at the workshop ‘Structured integro-differential models in mathematical biology’ (Wolfgang Pauli Institute)

Organisation of conferences and scientific meetings

2017

Fifth Scottish PDE Colloquium

2016

Minisymposium ‘Evolutionary dynamics in cancer cell populations: multiscale modelling, simulation and analysis’ (ECMTB2016)

Referee activity

Referee for: Acta Applicandae Mathematicae, Biology Direct, Birkhäuser Books in Mathematics, Bulletin of Mathematical Biology, Communications in Mathematical Sciences, Journal of Mathematical Biology, Journal of Theoretical Biology, Mathematics and Computers in Simulation, Mathematical Methods in the Applied Sciences, Mathematical Modelling and Numerical Analysis (ESAIM: M2AN), Mathematical Modelling of Natural Phenomena, Open Biology, Physica A: Statistical Mechanics and its Applications, PLOS Computational Biology, PLOS ONE, Zeitschrift für angewandte Mathematik und Physik (ZAMP)

Teaching

AY 2017/2018

Coordinator and lecturer of the PhD course ‘Nonlocal parabolic equations in biology’ (Università degli Studi di Trento)

Coordinator and lecturer of the MSc course ‘Mathematical Biology II’ (University of St Andrews)

Coordinator and lecturer of the BSc and MSc minicourse ‘Mathematical models of evolutionary and spatial dynamics of cancer’ (Università degli Studi di Verona)

AY 2016/2017

Coordinator and lecturer of the MSc course ‘Mathematical Biology II’ (University of St Andrews)

Coordinator and lecturer of the BSc and MSc minicourse ‘Reaction-diffusion equations arising in the mathematical modelling of population dynamics’ (Università degli Studi di Verona)

AY 2015/2016

Co-coordinator and lecturer of the BSc course ‘Mathematical modelling’ (University of St Andrews)

AY 2014/2015

Tutor of the MSc course ‘Mathematics for life sciences’ (Université Paris-Sud)

AY 2011/2012

Lecturer of the PhD course ‘Complex systems in engineering’ (Politecnico di Torino)

Tutor of the BSc course ‘Calculus’ (Politecnico di Torino)

Supervision of PhD students

09/2016 – today | PhD co-supervisor of Fiona R. Macfarlane – University of St Andrews

09/2016 – today | PhD co-supervisor of Linnéa Franßen – University of St Andrews

09/2017 – today | PhD co-supervisor of Giada Fiandaca – Politecnico di Torino

Supervision of BSc and MSc dissertations

AY 2017/2018

E. Dewhurst (BSc) – University of St Andrews

M. Iacovidou (MSc) – University of St Andrews

Y. Wu (BSc) – University of St Andrews

Y. Xiao (MSc) – University of St Andrews

AY 2016/2017

A. Archibald (MSc) – University of St Andrews

J. McKinney (BSc) – University of St Andrews

I. Maresi (BSc) – University of St Andrews

R. Stace (MSc) – University of St Andrews

AY 2013/2014

A. Prunet (MSc) – Université Pierre et Marie Curie

Committees

04/2017 | Member of PhD examining committee – PhD candidate: G. Fabrini (Università degli Studi di Genova and Université Pierre et Marie Curie)

01/2017 – 09/2017 | Member of library committee (School of Mathematics and Statistics, University of St Andrews)
